Calculators are provided to students to use in the math classroom as a PRIVILEGE!

Any misuse of these tools will result in your loss of this **PRIVILEGE**. To ensure each day that you will have a calculator, you should purchase your own. During times of "Assessment" our calculators can be borrowed, so none will be available to use. The following rules should be observed when using the calculators:

1. **No food, candy, gum, or drink will be present.**
2. Not used for purposes other than academic (i.e. writing messages to classmates, playing games).
3. Use **ONLY** your assigned calculator.
4. Notify the teacher if your assigned calculator is missing at the beginning of the period.
5. Dropping of the calculator leads to damage and loss of use.
6. Use only your fingers to input data into the calculator (no pencils)!!
7. Turn off calculator and put away before leaving class.

I, \_\_\_\_\_, hereby understand that use of a school's calculator is a privilege
